📜 CERTIFICATES

- Full stack java developer course [↗](#)
- JAVA [↗](#)

👤 SKILLS

Programming Skills :

Core Java
HTML
CSS
JavaScript
C++
JSP Servlet
Hibernate
Spring

📖 COURSES

Full Stack Java developer course [↗](#)

👤 PROFILE

- Strong in design and integration with intuitive problem solving skills, proficient in JAVA, PYTHON, HTML, CSS, JSP Servlet, Hibernate, Spring and MySQL Ability to translate business requirements into technical solution. Looking to start the career as an entry level software engineer with a reputed firm driven by technology

🎓 EDUCATION

MCA - 82%

karnataka State Akkamahadevi womens university
Vijayapur

2020 – 2022

BSc(Computer science) -66%

B K Collage Chikkodi

2016 – 2020

Associate degree (Science)-55%

KLE Collage shiraguppi

2014 – 2016

SSLC - 75%

Siddheshwar vidyalaya shiraguppi

2013 – 2014 | Athani, India

📁 PROJECTS

Chronic kidney disease Stage identification using machine learning.

Chronic Kidney Disease (CKD) is one of worldwide medical challenges with high morbidity and death rate. Since there is no symptom during the early stages of CKD, patients often fail to diagnose the disease. CKD is used the SVM Algorithms. then classification of patients with CKD or not CKD

Snake Game

Snake game is a simple console application without graphics. In this project, you can play the popular "Snake Game" just like you played it else where. You have to use the up, down, right or left arrows to move the snake. Foods are provided at the several co-ordinates of the screen for the snake to eat. Every time the snake eats the food, its length will be increased by one element along with the score. I have used Java as Programming language for writing the code for the project and eclipse for writing the programs. Operating system used Windows 11.

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 5.5 million women employed in the public sector in 1995, compared with 4.5 million in 1980.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of women in its workforce. In 1995, 85% of the public sector workforce were women, compared with 75% in 1980.

Another reason is that the public sector has a high proportion of women in its senior management. In 1995, 35% of the public sector senior management were women, compared with 25% in 1980.

A third reason is that the public sector has a high proportion of women in its part-time workforce. In 1995, 45% of the public sector part-time workforce were women, compared with 35% in 1980.
