INTERNSHIP

BlueBear Technology Private Ltd., Bengaluru

May 2023- June 2023

Intern- Loan Advisor

- This 6-week internship gave me valuable insights into corporate hierarchy, understanding the intricate structure and the dynamics of responsibility within the organization. Additionally, I honed my data management skills by proficiently exporting data into Excel, creating compelling presentations using Microsoft Office, and effectively communicating complex processes to stakeholders, including engaging in discussions with parents.

My Captain, Bengaluru

August 2022 – December 2022

- The internship taught me about risk management, cost accounting, and crypto currency.
- Achieved a return on paper trading of **more than 40%**.

ACADEMIC PROJECTS

- Chetana Cooperative Society, Yellachamanhalli:** Conducted market research to identify potential growth opportunities for women entrepreneurs in the agriculture and tailoring sectors.
- Financial Modelling Project:** Developed financial models and debt schedules, and performed **DCF valuations** with sensitivity analysis, scenario analysis and **Football Field analysis**. Additionally, I constructed a company profile on Tata Motors where I examined the company's structure **through fundamental analysis** and calculated real-time data to predict the future share price.
- Industrial Review Project:** Performed company-specific top-down analysis on Adani Power, including corporate and financial analysis, as part of an Industrial Review Project on India's Green Energy Industry
- Entrepreneurship Project:** Conducted a business feasibility study by analyzing the business opportunity using Michael Porter's 5 forces analysis and creating financial, marketing, human resource, production, and operations plans.
- Research Methodology Project:** Conducted a **research study** on "Risk Management in Stock Market" based on primary data and collected 200+ responses.
