SUMMARY

Mid-level 3D Generalist with 2+ years of experience designing 3d and developing virtual game engine. Detail-oriented professional recognized by peers for my effective creative thinking and leadership skills. Looking to apply my experience with Team Development and Project Requirements at your company. Excellent project management and team mentoring skills - open to feedback and always meeting the deadline.

EXPERIENCE

Lead 3D Generalist

10/2021 - 03/2024

Hybrid 360 Studio

CHENNAI

Certainly! In my role as a Senior 3D Generalist at a hybrid 360 art tech company, I assumed the position of a team lead. This involved overseeing the creation of immersive and interactive content, leading a team of artists, managing projects, and contributing my expertise to the development of 360-degree art and technology solutions. I played a key role in guiding the team to deliver high-quality and innovative projects within the dynamic and collaborative environment of the company

PROJECTS

Movies & Commercial Projects

As the Team Lead and 3D Generalist for Movies & Commercial Projects, I played a pivotal role in shaping the visual aspects of the Movies , overseeing a comprehensive range of responsibilities

- Karthikeya 2
- Ponniyin Selvan 1
- Ponniyin Selvan 2
- Natchathiram Nagargiradhu
- Salaar chapter 1
- Thangalaan

Key shot • Speedtree • After effects

EDUCATION

B.sc Animation

Vels Institute of Science,
Technology & Advanced Studies

2019 - 2022

STRENGTHS

Creative Solutions

Using artistic background and experience to deliver unique ideas and proposals, but at the same time - following the project brief.

Prioritization Framework

My team and I always deliver our projects right on time as we have integrated various prioritization frameworks and tools within our processes.

Team Management

Understanding the interests and experience of each individual team member. Thus ensuring that the people that are most passionate about a given project always get the opportunity to work on it.
