EXPERIENCE

Game Tester | Ubisoft Pune, Pune, India | August 2019 - February 2022

- Spearheaded smoke tests for all platforms, ensuring product stability and reliability.
- Proficiently used JIRA for efficient issue tracking and resolution, and constantly monitored bug status.
- Conducted bug regression testing to verify fixes for old bugs on new builds.
- Acquainted with Crash Report Tools and led the Crash Report Team to enhance game performance.
- Collaborated with global teams, providing training and supervision for tasks in Ubisoft Chengdu during the pandemic.

Operations Manager | Vaishnao Industries, Pune, India | Feb 2022 - Present

- Oversaw QA, Production, and Accounts departments, optimizing operations and utilizing Excel for data analysis

EDUCATION

Bachelor of Computer Engineering | Pune University | 2019

- Paper Published: Estimating Audience Engagement/Disengagement while Watching a Video (ID- [IJRASET23651](#))

PROJECTS:

- For Honor (XONE Validation Team)
 - Led the validation team responsible for ensuring the smooth functioning of the game on the Xbox One platform.

- Collaborated closely with the Microsoft Compliance Team at Ubisoft, assisting with various compliance test cases and ensuring build compliance with Microsoft standards.
- **Hyperscape Stress Test | Roller Champions Server Test**
 - Contributed to stress testing, identifying, and reporting performance bottlenecks.
- **Wild Hunt Test (iOS and Android)**
 - Ensured seamless gaming experience for players.

GAMING EXPERIENCE

Throughout my gaming journey, I have engaged with a diverse range of titles across various genres. Notable selections include:

- Action RPG titles such as Witcher 3: Wild Hunt and Horizon Zero Dawn.
- MOBA experiences in titles like Dota 2, Mobile Legends, and Pokémon Unite.
- Open-world action adventures like Red Dead Redemption 2 and Cyberpunk 2077.
- Strategy-focused city-building games exemplified by Anno 1800.
- Action-adventure games including Control, Dark Souls and Sekiro: Shadows Die Twice.
- Tactical shooters such as Rainbow Six Siege and the Ghost Recon series.
- Acclaimed first-person shooters like CS: GO and Overwatch.
- Epic sagas within the Action RPG genre, spanning the Dark Souls and Fallout series.
- Stealth-action experiences provided by the Dishonored series.
- Intense battle royale engagements in PUBG and Apex Legends.
- Augmented reality gaming with titles like Pokémon Go.
- Engagements with mobile strategy games like Clash of Clans and Clash Royale
