Objective:

To work in an organization where my abilities can be utilized for the progress of organization in the best possible way. I want to be a part of the success in an environment of growth and excellence. I am seeking a company where I can use my experience and education to help the company meet and surpass its goal.

Experiences:

Global Step:-Game Tester (8 July 2022 – 5 March 2024)

- Execute manual test cases and analyze results .
- Worked on a single project consisting of Four Pods on iOS, Android, and Amazon platforms.
- Worked on China Pod in the Traditional Chinese Game language.
- Worked on console games like Brothers Remake, Nick Brawl-2 game and so on.
- Worked on the Mywhoosh Game. This is a virtual cycling application based on cycling at home.
- Training and familiarizing the process and game to the new recruits and guiding / grooming them through the testing process.
- A few of my responsibilities which are being performed through out my day are Creation and Execution of tickets, Task allocation, Re-testing of tickets, Defect Logging, Bug scrubbing.
- Excellent knowledge of the tools **JIRA, Testrail, Nightswatch, 3u tool**.
- Doing exploratory testing and finding bugs while doing ad-hoc testing.
- Executed test cases and reported bugs using bug tracking systems, prioritizing issues based on severity and impact.
- Participated in daily stand-up meetings and provided progress updates on assigned testing tasks
- Conducted regression testing to verify bug fixes and ensure software stability.

Suma Soft:- Customer Care Executive (September 2021 -February 2022)

- Handling inbound/outbound calls and answering questions from members interested in purchasing life insurance.
- Ability to multitask by talking, using technology, and listening.
- Provide exceptional customer service and build strong client relationships.

Training/Certification:

- Completed 3 months MS-CIT certification course.
