

Satyam Awasthi (React js Developer)

 awsthisatyam992@gmail.com  [+919120778880](tel:+919120778880)  linkedin.com/in/satyamawasthi

With a specialization in Front-End Development, I possess a proven ability to create visually captivating UIs and engineer fluid web experiences that engage users effectively. My expertise spans over 1.6 years, during which I have honed a mastery of JavaScript, React, and Next.js. Additionally, I bring a comprehensive understanding of front-end frameworks and libraries, including Bootstrap, Tailwind CSS, MUI, and Ant Design, enabling me to deliver polished and intuitive interfaces.

WORK EXPERIENCE

CEDCOSS Technologies Pvt. Ltd.: Associate Software Engineer

APRIL 2022 - DEC 2023

Lucknow, India

- Crafted and launched three interactive, user-centric web applications utilizing Next.js, which led to a 20% increase in user engagement through real-time data integration and performance improvements.
- Formed a collaborative partnership with designers to align 5 pixel-perfect UI/UX mockups with responsive, functional interfaces, leading to a 30% enhancement in user satisfaction and a 25% reduction in bounce rates.

FormPay Hubspot Payment Integration: (TypeScript, Next js & Tailwind CSS) [Open Link](#)

- Directed full front-end development lifecycle for the FormPay Hubspot Payment Integration, utilizing TypeScript, Next.js, and Tailwind CSS, resulting in a 40% increase in consumer retention rates.
- Executed seamless integration of back-end functionalities, guaranteeing optimal app performance and leading to a 20% reduction in error incidents.
- Pioneered extensive research on secure integration techniques for various payment gateways including Stripe, Amazon Pay, and Razorpay, bolstering project versatility and reliability by 30%.

EDUCATION

C.S.J.M. University - Bachelors in Computer Applications (BCA)

2022 | 75.33%
