|                 |           |
|-----------------|-----------|
| Board           | Telangana |
| Medium          | English   |
| Year of Passing | 2017      |
| Grade           | 90-94.9%  |

## PROJECTS

### Customer Churn Prediction Web App, 2 Weeks

The goal is to build a model that can accurately identify customers who are likely to leave the company so that proactive steps can be taken to retain them.The project also aims at finding churn risk score and factors influencing churing of customers.

### Sales Insights-Brick & Motor Business, 2 Weeks

Designed the Project Using Power BI Tool and SQL.The final dashboard was effective at displaying the sales trend of AtliQ hardware, allowing users to understand the data and make informed decisions. This dashboard could help in increasing the revenue at least by 7% in the next quarter.
