<https://www.linkedin.com/in/sritam-kumar-dasmohapatra-b19ab4193>

HIGHLY MOTIVATED PRODUCTION ENGINEER WITH COMPREHENSIVE EXPERIENCE IN PROCESS IMPROVEMENT, QUALITY ASSURANCE AND MANUFACTURING. EXCEPTIONALLY TALENTED AT INVESTIGATING AND SOURCING NEW EQUIPMENT AND IDENTIFYING AND ADDRESSING TECHNICAL ISSUES. DYNAMIC PROFESSIONAL POSSESSING EXCELLENT PLANNING, EXECUTING AND MONITORING CAPABILITIES.

- **Advanced problem-solving abilities:** I can quickly analyze complex production issues and recommend effective solutions based on data and algorithms.

- **Consistency:** I can consistently apply best practices and standards, ensuring reliability and quality in production operations.

- **Collaboration:** I can seamlessly collaborate with cross-functional teams and stakeholders, facilitating effective communication and teamwork in achieving production goals.

EXPERIENCE

Associate Trainee

TATA AUTOCOMP SYSTEMS LIMITED

08/2022 - 10/2023 Pune, Maharashtra

Tata Autocomp Systems Limited (TACO) is a leading Indian automotive components manufacturer and part of the Tata Group. Established in 1995, TACO specializes in providing innovative and high-quality solutions in areas such as automotive interior and exterior components, sheet metal stampings, welded assemblies, and modules.

- 1. Implemented Lean Manufacturing principles resulting in a 20% reduction in production cycle time.
- 2. Led a cross-functional team to successfully launch a new production line, meeting all quality and efficiency targets ahead of schedule.
- 3. Developed and implemented preventive maintenance schedules, reducing equipment downtime by 15%.
- 4. Optimized production processes to improve yield by 10%, resulting in significant cost savings.
- 5. Introduced automated quality control measures, reducing defects by 25% and improving overall product quality.
