🎓 Education

Indian Institute of Technology (BHU), 2019 – 2024 | Varanasi, India
IDD (B.Tech + M.Tech) in Mining Engineering, GPA - 8.81/10

Aklank Public School, CBSE (XII), Percentage - 91.00 2019 | Kota, India

Nirmala Convent Higher Secondary School, CBSE (X), CGPA - 10/10 2017 | Sironj, India

🧠 Skills

Languages

C++, HTML, CSS, and JavaScript

Technologies

React, Django Rest Framework and Bootstrap

Interests

Data Structures and Algorithms, Problem Solving, Web Development

👜 Internship

Software Development Intern - Dreshkan May 2023 – Jul 2023

- Developed an attractive and responsive user interface using **ReactJS** to facilitate user-astrologer interaction
- Implemented features to integrate **search**, **pagination** and **filtering** functionalities catering to both user categories
- Implemented **JWT**-authentication system to enable token-based **sign-in** and **sign-up** processes for enhanced security
- Improved the **accessibility** and adaptability of the site by implementing the features which improvised the **usability**
- Exposure:** React, JavaScript, HTML, CSS

📁 Projects

AJ Digital - E-Commerce Website Sep 2022 – Nov 2022

- Developed an E-commerce website using **React** and **Django** that allows customers to purchase various products
- Implemented the APIs using Django Rest Framework, handling **user authentication** and **order processing**
- Designed the front-end user interface using React, including **product pages**, **shopping cart**, and **checkout forms**
- Integrated payment processing using **PayPal Gateway**, enabling customers to make secure product purchases
- Exposure:** Django, React.js, Redux, React-Bootstrap

YouTube Bookmarker Apr 2022 – May 2022

- Developed a chrome **extension** that bookmarks and accumulates multiple time instances in a **YouTube** video
- Built functionalities to **create** and **delete** bookmarks and allow playing videos from any stored time instance
- Implemented using chrome **API** to store data on the user's browser and scrutinize chrome tabs for the extension
- Exposure:** Chrome API, JavaScript, DOM Manipulation

Note Maker Aug 2021 – Sep 2021

- Created a full-stack web application using the Django framework and **REST APIs** to connect clients with the database
- Implemented the **CRUD** operations to dynamically **add**, **delete**, **update** and manage notes in an organized manner
- Designed the UI using **React.js** and implemented using **hooks** and **states** which track state in a function component
- Exposure:** HTML, CSS, React and Django

🏠 Positions of Responsibility

Sattvik Mess, Student Coordinator

- Coordinated the functioning of two Sattvik messes, accommodating a total capacity of **500+** students
- Managed finance account, quality and services of the mess to ensure its consistent and smooth operation

Call A Student | Jagriti'21, Coordinator

- Organized and orchestrated an event during the pandemic aimed at reaching out to government school students
- Accomplished effective public relations strategies, engaging **100+ students**, and ensuring smooth event management

🏆 Achievements

- Achieved a global ranking in the top **3.99%** with Knight Badge on Leetcode | Attained Maximum Rating:**1932**
- Ranked globally **1001** in Leetcode weekly Contest 335 among **15k+** participants (Handle: Dark_warrior 📧)
- Secured global rank **1589** in Codeforces round 849 among **20k+** participants (Handle: the-mysterious-man 📧)
