Career objectives

As an adept Python Developer with a solid foundation in software development, my objective is to leverage my expertise to contribute meaningfully to complex projects. I am eager to apply my programming skills, problem-solving abilities, and enthusiasm for technology in a dynamic work environment. I am committed to continuous learning and collaboration, with the goal of delivering high-quality and innovative solutions that align with organizational objectives.

Education

- BACHELOR OF ENGINEERING IN Information Science,
Vemana Institute of Technology 2023 | Koramangala, Bangalore C.G.P.A : 8.23 2023
- PRE UNIVERSITY,
Deeksha College 2019 | B'lore, Karnataka Score : 74% 2019
- S.S.L.C,
Lourdes High School 2017 | B'lore, Karnataka Score: 80% 2017

Tools

- Presentation tool : Microsoft PowerPoint
- Database System : MySql
- Front-End framework: Html,Css
- Back-end framework: Django
- Compiler : Vs code
-

Training Courses

- **PYTHON FULL STACK DEVELOPMENT, PYSPIDER.**
Ongoing | Bengaluru, India
Proficient in full-stack Python development, adeptly creating responsive web applications with front-end frameworks and integrating databases for user experiences.
- **Amazon Web Services re/start, Magic Bus foundation.**
Ongoing | Bengaluru, India
- **Digital Marketing, Bangalore digital marketing.**
Ongoing | Bengaluru,India

Technical skills

- Hands-on experience with Python, encompassing the development of applications and scripts. Proficient in key Python libraries and frameworks, with a focus on translating requirements into efficient code.
- Hands on experience in scripting and automation tools like **Python**.
- well understanding of the specific public cloud platforms, such as **Amazon Web Services (AWS)**.
- Practical experience in web technologies, including front-end and back-end development. Proficient in **HTML**, **CSS**, and **JavaScript**, with a focus on creating responsive and user-friendly web applications.
- Hands-on experience in **SQL**, encompassing database design, querying, and optimization.
- Hands on Experience in **SEO**(Search Engine Optimization), **SMM**(Social Media Marketing), E-mail Marketing.
- Basic Knowledge of Java, Machine Learning, C++, Artificial Intelligence.

Certification and learnings

- Certification Python Developer: Pyspiders
- AWS Certified Cloud Practitioner: Magic bus foundation
- Certification on Digital Marketing: Bangalore Digital Marketing

Internship Experience

- **Anspro Technology Pvt Ltd., Intern Trainee**
August 2022 – September 2022 | Bengaluru, India

Worked as Intern in Anspro Technology for 2months. **Anspro Technologies** is a Bangalore based software development company with vast industry experience in various domains, services & product lines.

Projects

Wine Quality Prediction using machine learning

2022

- Developed a sophisticated machine learning model to predict the quality of wines based on various attributes.
- Implemented advanced data preprocessing techniques and feature engineering to improve the accuracy of wine quality predictions.
- This model effectively analyzes data and provides valuable insights for wine quality evaluation

Disaster Recovery Through Smartphone Networking

2023

- Developed code using java and xml to create an adhoc network, ensuring the safety of survivors during disaster recovery.
