Profile Summary

An engineering graduate with proven programming skills, trained by bitlabs on the core coding concepts, likes to take initiative and seek out new challenges in the IT sector. I can do hard work with patience in my job to face any challenge

Key Skills

C

ORACLE

Windows

PL/SQL

Interests

- Playing games
- Listening to music
- Keeping abreast on latest technology updates by watching dailyTech life updates

Languages Known

- English
- Telugu

Certificates

- Foundation level – Associate full-stack developer program
- Associate level—work shop certificates at network associate program
- State level- sports certificates at

Projects

Title: Alcohol detection using GPS and GSM

Description: The motive of this project the alcohol is detected by the alcohol sensor .Which is sense in the car while in case drink alcohol, and the sensor send a signal to GSM. The GSM send a message to a particular preregister mobile that will copied to the google map and the location of that car easily be accessed

Technologies: GSM and GPS, Embedded system and C.

Education

B. Tech – 71%

R. k College of Engineering, 2022.

Polytechnic(Diploma) – 70.82%

Government Polytechnic for Women Guntur, 2019.

SSC (10th) – 75%

Z. P. High School Palapadu, 2016.

Achievements

- I participated in tech fest competition.
- Have Participated workshop on PCB
