CAREER OBJECTIVE:

Dedicated NICU Nurse with a proven track record of delivering exceptional patient-centered care. Seeking to leverage 3+ years of NICU nursing experience and expertise to support newborns and families at Aster CMI Hospital. Particularly adept at patient education and communicating effectively to ensure that all newborn needs are met and family members fully understand medical conditions and all treatment options.

WORK EXPERIENCE:

- **Working as Registered NICU Nurse at Aster CMI Hospital.**

November - 2022 to Present.

- Care for high-risk newborns in a Level III NICU, providing specialized nursing interventions and monitoring vital signs, oxygen saturation levels, and neurological development.
- Implemented evidence-based infection control practices, resulting in a 10% reduction in infection rates within the unit.
- Administer medications including intravenous therapies with 100% accuracy and monitored newborns carefully for adverse reactions.
- Use advanced equipment such as incubators, ventilators, and cardiac monitors to deliver precise and tailored care to newborns.
- Maintain meticulous medical records, documenting assessments, treatments, and progress notes to facilitate continuity of care for over n number of patients.

- **Worked as Staff Nurse (ICU) at Manipal Hospitals.**

Feb - 2021 to August – 2022.

- Provided direct patient care and assisted in managing the care of up to 10 medical-surgical patients per shift.
- Conducted comprehensive patient assessments and administered necessary medications and treatments while maintaining a 100% accuracy rate.
- Collaborated with the healthcare team to develop and implement individualized care plans for over n number of patients.
- Assisted in emergency situations, demonstrating effective crisis management skills, and maintaining calm and composed demeanor during critical incidents.

SKILLS:

- Treatment planning, Patient education.
- Newborn Assessment and Care.
- Electronic Medical Records (EMR).
- Electronic Health Records (EHR) Software.
- Electronic Fetal Monitoring and Technology Proficient.
