ROJALIN DAS

FRESHER

PROFILE SUMMARY

Passionate and driven entry-level software developer with a strong proficiency in Python and Django. Equipped with theoretical knowledge and hands-on experience, I am enthusiastic about leveraging my skills to contribute effectively to a dynamic team. With a knack for problem-solving and a collaborative mindset, I am committed to delivering high-quality solutions. Eager to continuously learn and stay updated with the latest technologies and best practices in software development. Excited to embrace new challenges and make valuable contributions in a fast-paced, innovative environment

COURSE - JSPIDER

- Python Full Stack Developer
- oct 2022- july 2023

PROJECTS

• PROJECT FOCUSES ON IPL CRICKET TEAM AND PLAYER PERFORMANCE ANALYSIS.

- Utilizes HTML, CSS, and JavaScript for implementation.
- Aims to enable data-driven strategic decisions.
- Seeks to enhance fan engagement through insights.
- Aims to optimize financial management within IPL teams.
- Ultimately targets sustained success in the Indian Premier League.
- Employs data analysis to inform decision-making processes.
- Strives for improved team performance and long-term success.

• PROJECT NAME: DIABETES PREDICTION SYSTEM

- Objective: Develop predictive model for diabetes detection
- Aim: Early detection & management of diabetes
- Methodology: Logistic Regression in Python
- Data-driven approach: Utilize health attribute data
- Outcome: Actionable insights for healthcare
- Focus: Early detection & proactive management
- Technology: Python programming
- Importance: Cost reduction, improved outcomes

• PROJECT NAME: SMART CONTACT MANAGER

- Objective: Develop digital solution for efficient contact management
- Features:
 - Organize and manage contact information
 - Create user-friendly application
 - Store, update, search, and retrieve contacts seamlessly
- Focus: Enhance contact management and communication
- Technology: Java programming language
- User Experience: Emphasizes ease of use and efficiency
- Benefits: Streamlined contact management, improved communication efficiency
