INTERNSHIPS

BlackBugs, May 2024 - May 2024

- It is good to learn both front end and back end through this organisation and hav the nice experience with them and they made perfect in it

Chip Electronics , April 2023 - June 2023

- They have learnt me about the electronic components how they work and for which work they are used

All India Council for Technical Education (AICTE), April 2023 - May 2023

- I have learn about many of the electronic components which are used in the embedded Systems and I also learnt how they are used and the working conditions of them

PROJECTS

Early Decomposition of Fecal Matter , October 2023 - December 2023

- It is a major task to decompose the human waste very fast now a days but it is easier than what we think because we can decompose the human waste by using natural things and we can built it with automatic working condition for measuring level of septic tank and to know the temperature and we can also get profit by selling the decomposed fecal matter as fertilizers

Smart Dustbin , April 2023 - May 2023

- It is a dustbin which works automatically and also gives notification to our mobile about the level and location of it

AWARDS AND HONOR

- I have awarded from AICTE on winning the Boot camp which was conducted by them for our project
