CAREER OBJECTIVE

To contribute my programming skills and passion for software development in a dynamic team environment, aiming to deliver high-quality solutions and continuously enhance my technical expertise.

EDUCATION

Academy Of Technology (MAKAUT)	2016 – 2019
Bachelor of Technology in Electrical Engineering – CGPA: 6.08	West Bengal
Kingston Polytechnic College	2013 – 2016
Diploma in Electrical Engineering – CGPA: 6.6	West Bengal

PROFESSIONAL EXPERIENCE

Software Developer,[Busybox Technologies](#) January,2024 – June,2024

• Core Banking Solutions:

Implementation: Spearheaded the backend development for Core Banking Solutions (CBS), utilizing Java, Spring Boot, Hibernate and MySQL to deliver robust functionality and seamless execution.

Strategic Integration: Integrated external APIs for real-time data acquisition, enhancing decision-making processes.

- **Cross-Functional Collaboration:** Worked closely with cross-functional teams to integrate advanced technologies, improving project outcomes and team synergy.
- **Project Optimization:** Developed scalable APIs and optimized database interactions, significantly improving system efficiency.

Trainee Developer Programmer,[Maitri Information Systems](#)

May,2023 – Oct,2023

- Developed and maintained the **XPOSE** and **XTEND** application using **.NET framework**, **VB** and **C#** for **GST**, **Inventory**, **Stock** and **Billing** management.
- Enhanced the application features to track customer demographics, including categorizing and counting visitors by gender and age.
- Managed **MSSQL Server** for the application's database, ensuring data integrity and optimizing performance.
- Collaborated with cross-functional teams to gather requirements, design solutions and deliver high-quality software on schedule.
- Provided technical support, resolving issues promptly to ensure smooth operation and customer satisfaction.

INTERNSHIP

Software Engineer Intern,[Qualigy Tech](#)

Aug,2022 – Oct,2024

- As a **Software Engineer** Intern at **Qualigy Tech India Pvt. Ltd.**, I focused on managing data in the **AWS** Cloud using **Python**, **S3**, **DynamoDB**, and **Lambda**. I implemented backup solutions, optimized file storage performance and contributed to migrating on-premise systems to **AWS**.

TECHNICAL PROJECTS

Car Rental System | [GitHub Link](#)

- Developed a Java-based system using OOP principles to manage car rentals, including adding cars, registering customers, processing rentals, and calculating costs. Implemented a user-friendly console menu for interactions, utilizing Collections and Scanner for input handling.

Hospital Management System | [GitHub Link](#)

- Developed a robust Hospital Management System using Java, JDBC for database connectivity, and MySQL for efficient data management. The system facilitates seamless administration of hospital operations, including doctor, patient, and appointment management functionalities.

Employee Payroll System | [GitHub Link](#)

- Developed a comprehensive Employee class hierarchy in Java, featuring FullTimeEmployee and PartTimeEmployee subclasses. Implemented salary calculation logic and utilized core Object-Oriented Programming (OOP) concepts such as inheritance and encapsulation. Designed a user-friendly terminal interface for efficient data management, emphasizing practical application of OOP principles in software development.

TECHNICAL SKILLS

- **Programming Languages:** Java,SQL
- **Web Development:** REST APIs,Thymeleaf,Microservices,Spring Security,JWT Authentication
- **Databases:** Oracle SQL,MySQL
- **Technologies:** JDBC,Servlet,Hibernate,Spring Boot

STRENGTHS

- **Effective Team Lead:** Demonstrated leadership in guiding teams to success in college projects.
- **Decisive Decision Maker:** Proven ability to make informed decisions leading to innovative solutions.
- **Strong Team Collaboration:** History of effective collaboration, enhancing group synergy and project success.

LANGUAGES

- **English:** Fluent proficiency
- **Hindi:** Fluent proficiency
- **Bengali:** Native proficiency

INTERESTS

- **Tech Enthusiast:** Passionate about learning new technologies and contributing to innovative solutions.
- **Cricket Enthusiast:** Actively involved in team dynamics and building resilience.
- **Travel Enthusiast:** Seeking diverse experiences to foster a global mindset.
