Summary

- Experienced Full Stack Java Developer with a Master's degree. Skilled in web development using Java, Spring Boot, and Python. Strong grasp of software engineering principles. Committed to delivering impactful results and staying current with tech trends. Passionate about innovation and problem-solving..

Education

University of Rajasthan

Master of Science in Information Technology

Sep. 2021 – Aug 2023

Jaipur, Rajasthan

Experience

Zumply LLP

Full Stack-Developer Intern

Mar 2023 – Jun 2023

Hyderabad, Telangana

- The Doctor Appointment Booking System is a web application that enables users to schedule appointments with specific doctors.
- Users can also view their appointment history and cancel appointments.
- They can book appointments with particular doctors and review their history.
- Payment is required to confirm appointment bookings
- **Responsibilities:**
- My responsibilities are to develop the code, debugging the issues.
- collaborate with the team members on issues and the task assigned
- Take participation in the daily scrum calls for status updates.
- Create PR on GIT for the team lead to review it.
- Work on any database changes during development.

Projects

Doctor Appointment Booking System | *Springboot, AngularJS, MySQL*

Mar 2023 - Jun 2023

- * Doctor Appointment Booking System is a web application that allows users to book an appointment with a doctor.
- * Users can also view their appointment history and cancel appointments
- * Users can book appointments with doctors and watch their history.
- * Users need to pay to book appointments.
- * Developed a Doctor Appointment Booking System web app using Java 17 and AngularJS 16.0.4
- * Integrated Spring Boot 3 for efficient back-end development and MySQL on AWS for database management.
- * Utilized Gradle 7.x for project build management and GitBash for version control.
- * Collaborated with teams using IntelliJ IDE and VS Code, ensuring seamless development.
- * Conducted testing and debugging with Postman, ensuring a reliable application.
- * Participated in daily scrum calls, providing updates on project progress and issues.

Courses with certificates

- | | | | |
|---------------------------|------------------------|----------------------|------------------------|
| * Core Java at FUEL | * C Language at MySirG | * MySQL at LinkedIn | * Web development with |
| * DSA in Java at LinkedIn | * C++ at LinkedIn | * Spring Development | Angular |

Technical Skills

Languages: Java, Python, C++, C, Kotlin, DSA, HTML, CSS, JS

Data Base: MySQL

IDE: IntelliJ, Eclipse, VS Code

Frameworks: Spring Boot, AngularJS, Spring MVC, React JS, Node JS

Web Server Side: REST APIS, Microservices

Tools: Git, Postman
