📄 PROFILE

Recent Pharm.D. graduate with a strong foundation in pharmacology and pharmacotherapy, complemented by hands-on experience in clinical research. Possessing a robust skill set in pharmacovigilance, including adverse event reporting, signal detection, and regulatory compliance. Demonstrated ability to analyze clinical data, develop risk management plans, and contribute to the advancement of drug safety. Seeking internship and job opportunities in pharmacovigilance and clinical research to leverage my expertise in enhancing patient safety and therapeutic outcomes.
