Pune -India

FUNCTIONAL AREA

- Web Frameworks
- Database Management
- API Development
- Concurrency & Multithreading
- Error Handling & Monitoring
- Testing

TECHNICAL SKILLS

- Proficient in Java programming, with a strong understanding of its core principles and ecosystem.
- Solid understanding of Object-Oriented Programming (OOP) concepts, including encapsulation, inheritance, and polymorphism.
- Experienced in using the Spring Framework for developing enterprise-grade applications.
- Knowledgeable in Hibernate, an Object-Relational Mapping (ORM) library for Java.
- Skilled in designing and developing RESTful APIs for seamless data exchange between client and server.
- Proficient in SQL and database management, with the ability to design, query, and optimize relational databases.
- Familiar with front-end technologies, including HTML and CSS, for creating user-friendly interfaces.

PROJECTS

- 1) Hospital Management System** 09/2023 – 10/2023
 - **Technology used:** Java, spring, spring boot, Rest API, Html, CSS, MySQL
 - The project is a Hospital Management system.
 - Includes registration of patients and storing their details into the system.
 - Features computerized billing in the pharmacy and labs.
 - Provides a unique id for every patient and stores the details of every patient and the staff automatically.
 - Includes a search facility to know the current status of each room.
 - Users can search the availability of a doctor and the details of a patient using the id.
 - The system can be accessed using a username and password.
 - It is accessible either by an administrator or receptionist.
 - Only they can add data into the database.
 - The data can be retrieved easily.
 - The interface is very user-friendly.
 - The data are well protected for personal use and makes the data processing very fast.

EDUCATION

- **Master of computer Application [MCA]** 08/2021 – 06/2023
- Sant Gadge Baba Amravati University[**8.20CGPA**]
- **Bachelor of Science [B.sc]** 06/2016 – 06/2020
- Sant Gadge Baba Amravati University [**70%**]

CERTIFICATIONS

- Core java : Naresh IT
- Advance java: Naresh IT
- MYSQL: **LinkedIn Learning**
- Hackweda Internship Certificate

VOLUNTEER EXPERIENCE

- **Tech Workshops for Underprivileged Students:** Organize or volunteer for workshops where you can teach basic computer skills, coding, or other tech-related subjects to underprivileged children or adults. This not only helps them gain valuable skills but also enhances your own teaching abilities. Demonstrated strong management capabilities by managing and leading a team of 8 members, resulting in successful completion of events and high levels of student satisfaction.
