A passionate and driven individual who is committed to making a positive contribution to the workplace. I am a fast learner with a proven track record of success, and I possess a strong set of core values that drive my work ethic.

Experience

- **Ericsson** April 2022 - Nov 2022
Associate engineer trainee
- **British Telecom** December 2022 -
Associate engineer FND

Education

- **INDIRA GANDHI DELHI TECHNICAL UNIVERSITY FOR WOMEN** 2018-2022
B.Tech In Electronics And Communication Engineering
75.6%

Skills

- Telecom
- C++, Ms office & Excel
- Customer services
- Communication
- Time mangement
- Team work

Projects

- **Heart Beat Sensor Using Microcontroller**
The main purpose of this project is to make low cost, affordable heartbeat sensor So that arrhythmia patients can use it .
- **Web development projects**
Basic projects:- Calculator and Analog clock.
Advanced level projects- Dragon & Dinosaur action game .
Create a Music Player using JavaScript.
Website- I build a fully responsive travel website.
Create a Music Player using JavaScript

Publications

- **An Analysis of 'CNTFET Based Standard Ternary Inverter'.**
Published in the month of 'July 2022' in the GIJET(Grenze International Journal of Engineering and Technology) and listed under SCOPUS index.
•In this project I proposed a methodology for cntfet based ternary inverter.
