Experience

• SUNRISE-RESORT

A DBMS project on Hotel Management System using MySQL and Angular JS framework.

Contributed in creation of tables, inserting data using MySQL, linking the database using PHP and activation of XAMPP control panel.

• GAMESPACE

A gaming website with Web Application Development.

Designed the game logo, the front-end code like hyperlinks for 4 games that comprise the website, added images to the respective games and an About Us page containing links to our Social Media Platforms.

• BAKERS' PRIDE

A baking website with Full Stack Web Development.

Included various categories like birthday cakes, cupcakes/muffins with name, price, rating and picture of each item, with an "add to cart" option.

- Helped complete and lead various other assigned group projects, consistently meeting the objectives and deadlines.
