PROFILE

A results-driven Lab Technician with extensive experience in quality assurance and testing within the metal and casting industries. Proven expertise in conducting hardness testing, UTS testing, wet analysis, and microscopic analysis of casting products. Demonstrated proficiency in spectro meter analysis and load testing, ensuring adherence to rigorous industry standards. Adept at applying quality control measures and contributing to the enhancement of production processes. With hands-on experience across multiple industry leaders, including KIC Metaliks Limited, Vesuvius India Pvt Ltd., and Sonar Casting Limited, I bring a solid track record of delivering accurate and reliable results in fast-paced, high-stakes environments.

WORK EXPERIENCE

- KIC Metaliks Limited** Aug 2020-Nov 2020
Diploma Engineer Trainee
