EXPERIENCE

Ernst & Young (EY) | Summer Intern (Tax & Regulatory Services)

May 2021 - August 2021

- **Project 1:** Research Report on Special Purpose Acquisition Companies
 - Attended webcasts hosted by EY where experts discussed the relevant structuring considerations for SPAC transactions as well as help firms in evaluating whether SPACs are the right strategic option for them.
 - Conducted an in-depth research on topics such as popularity of SPACs, comparison between the traditional IPO and SPACs, advantages and disadvantages of SPACs, opportunities and challenges for SPACs in India, and some noteworthy examples of recent SPACs that have been successful.
- **Project 2:** Industry Analysis for the IT and ITes industries
 - Performed market research on 15 companies where Transfer Pricing is applicable, by delving into the industry, sub-industry, headquarters, financial statistics, as well as the strategic goals of the companies.
 - Reviewed past year reports for the IT and ITes industries for different geographies (Dubai, Philippines, Canada, US, APAC (Asia Pacific), Africa, Ireland) and revised the reports by incorporating the most recent data/information.

Rolls Royce Corporate Lab @NTU | Project Management Office (PMO) Intern
