Two months training in Bharat Heavy Electricals Limited. Where I developed my working skills on CNC and Lathe machines. All type of turbine manufacturing in BHEL and many other electrical and mechanical equipment.

Education

Mohd Ali jauhar University, Rampur (UP)

2016-2020

B. Tech (Mechanical)

6.3 CGPA

MMI Collage, Chandpur-Bijnor (UP)

2016

Intermediate

69%

St. Stephen's school, chandpur - Bijnor (UP)

2014

High school

84%

Work Experience

Ideal Airconditioning And refrigeration Ltd, Rampur

1 year experience in Air conditioning (HVAC). where I'm working as a site engineer / Supervisor from 20 Aug 2020 to 10 Sept 2021

Software Training

Autocadd 2d & 3d

Solidworks

MS Excel

Projects

● **Generation of electricity**

Generation of electricity from ocean waves by using rake and pinion mechanism. This project is directed to a wave activated power generation system that converts the vertical movement of one or more power generation buoys resulting from interaction with waves into energy producing gyration via a rack and pinion mechanism. The square-shaped power generation buoy is manufactured from fiber-reinforced plastic material.

● **Technical Skills**

- Effective technical skills
- Quick learner
- Computer knowledge

● **Strength**

- Communication skills
- Hard working
- Leadership & Responsible

● **Achievements & Awards**

- Knowledge talent hunt (kth) awarded in 2019 for winning the knowledge contest in collage

● **Language**

- English
- Hindi

● **Personal Information**
