Mobile Phone #: +91-9871014068		

Medical Licensure (In Home country)

Delhi Medical Council	Registration no. 46398	Licensed to practice as Specialist (Radiologist)
Uttar Pradesh Medical Council	Registration no. 51995	Licensed to practice as General Medical Practitioner
Medical Licensure Problem:	No	
Ever named in a Malpractice Suit?	No	
Past History?	None	

Medical Education

Institution & Location	Dates Attended	Degree	Date of Degree
King George's Medical University (Upgraded King George's Medical College), Lucknow, INDIA (Now, Chatrapati Shahu ji Maharaj Medical University)	09/2000 – 03/2005	Yes, MBBS	01/2007

Medical Education/Training Extended or Interrupted? : No

Language of Instruction: English

Medical School Honors/Awards

Honors in Physiology

Honors in Biochemistry

Honors in Pharmacology
Honors in Pathology
Honors in Social and Preventive medicine
Honors in Pediatrics
Honors in Obstetrics and Gynecology

Membership in Honorary/Professional Societies

Member of Delhi Medical Council
Member of Uttar Pradesh Medical Council
Member of Indian Society of Neuroradiology
Member of Radiological Society of North America

Training & Experience

07/2006-06/2009

Residency -

M.D. Radiodiagnosis (3 YEARS)

Post Graduate Institute of Medical Education and Research, Chandigarh, INDIA.

As a junior resident in Radio-diagnosis, I was rotated through all modalities like conventional radiography, USG, Doppler, CT scan, MRI, vascular and non vascular interventional postings where I acquired the knowledge and experience about radiological imaging features of the various disease processes and skills required to perform various vascular and non vascular interventions. My responsibilities included reporting X-rays, MRI, CT scan, performing and reporting ultrasounds and fluoroscopic investigations and assisting and doing various interventional procedures. During this training I was posted on emergency night duties and on-call duties, actively participated in academics in weekly seminars, case discussion, journal club besides teaching junior colleagues and undergraduate radiography students. Also attended various state and national level conferences.

Training/ Experience	Organization & Location	Position	Dates	Average Hours/Week
Experience (Consultant)	Imaging and Diagnostics Department, VIMHANS, New Delhi.	Consultant radiologist	07/2012 till now	35
	Metro Heart and cancer center, Preet Vihar, New Delhi.	Consultant radiologist	09/2014 till now	21
Training (Postgraduate)	Department of Neuroradiology, All India Institute of Medical Sciences, New Delhi, INDIA	Senior Resident	05/2010 - 07/2012,	60
	Description My responsibilities included reporting CT, MRI scans (including MRS, MR Perfusion, DTI and fMRI), US, Doppler, x rays & performing CT& USG guided biopsies and			

	diagnostic cerebral angiography and assisting in the endovascular neurointerventional procedures, taking pre and post procedure ward rounds for the patients undergoing neurointerventional procedures. I was posted on emergency night duties every week, participate regularly in academics in neuroconferences, case discussions, journal clubs and teaching postgraduate students.			
Reason for Leaving: Tenure completed.				
Training (Postgraduate)	Department of Radiology, University College of Medical Sciences & Guru Teg Bahadur Hospital, Delhi, INDIA	Senior Resident	02/2010 - 05/2010	60
	Description My responsibilities included reporting X-rays, CT, MRI, doing Ultrasounds, Doppler & other conventional radiographic investigations. I was posted on emergency night duties every week, actively participated in academics in weekly seminars, case discussion, journal club besides teaching junior residents and undergraduate students.			
Reason for Leaving: To join All India Institute of Medical Sciences, New Delhi, INDIA				
Training (Postgraduate)	Department of Radiodiagnosis and Imaging, Post Graduate Institute of Medical Education and Research, Chandigarh, INDIA.	Senior Resident	07/2009 - 01/2010	60
	Description My responsibilities included reporting X-rays, CT, MRI, doing Ultrasounds, Doppler & other conventional radiographic investigations & performing / assisting in the various vascular/ non vascular interventional work (performing CT& USG guided biopsies and diagnostic angiography and endovascular interventional procedures (including RFA for tumors, PTBD, TACE etc). I was posted on emergency night duties every week, actively participated in academics in weekly seminars, case discussion, journal club besides teaching junior residents and undergraduate radiography students.			
Reason for Leaving: Health problems of family member.				
Training (Postgraduate)	Gandhi Memorial and Associated Hospitals, Dr. Shyama Prasad Mukharjee (Civil) Hospital, Lucknow, INDIA.	Intern	03/2005 - 03/2006	60
	Description As an intern at GM & AH and SPM (Civil) Hospital, I have, managed OPD cases in all departments, worked in the Casualty and managed situations like MI, RTA, acute abdomen and other emergencies. Managed wards independently, worked up patients, sent investigations, and performed minor procedures like bone marrow aspiration biopsy, pleuritic and ascitic taps, venous cut downs and lumbar punctures. Assisted in surgeries like appendicectomy, hernia repairs, laparoscopic cholecystectomy, MTP, LSCS, and laparotomies. Organized trips to primary health centers and performed a range of activities like health education, immunizations, maternal and child clinics, family welfare activities, record keeping, OPD management and lab work in malaria and DOTS (TB) centers.			
Reason for Leaving: Internship completed.				

Research	Post Graduate Institute of Medical Education and Research, Chandigarh, INDIA.	Research Associate	12/2006 - 12/2008	Chief Guide - Dr. Akshay K. Saxena
	Description I did my thesis on the topic “Comparison of grey scale and colour Doppler sonographic findings with plain radiography findings in neonates suspected of necrotizing enterocolitis.”			
Reason for Leaving: Thesis completed.				
Course: Research Methodology & Biostatistics	Post Graduate Institute of Medical Education and Research, Chandigarh, INDIA.	Student	10/2008	Co- ordinator - Dr. Madhu Khullar
	Description To learn to utilize the methods used in biomedical research and use of biostatistics.			
Reason for Leaving: Course completed.				
Volunteer	Department of Health and Family Welfare, India, India	Intern/ Medical Student	09/2000 - 03/2006

These campaigns were organized by the Department of Health and Family welfare, Ministry of Health, India.			

Publications & Presentations:

Paper Publication:

Arora G, Garg A, Singh G, Kale SS. **Medulloblastoma with extreme nodularity**: Neurology India 2011;59:634-35.

Poster presentation:

1. Endovascular management of pseudoaneurysms of carotid and vertebral arteries: Arora G, Gaikwad SB, Garg A, Mishra NK – Presented at 11th annual conference of Indian Society of Cerebrovascular surgery and International CME at A.I.I.M.S., New Delhi, India.(8th – 9th Oct, 2011) – Achieved **Best Poster presentation award** in the conference.

2. Endovascular treatment of Carotid Cavernous Fistula: Arora G, Gaikwad SB, Garg A, Mishra NK – Presented at 11th annual conference of Indian Society of Cerebrovascular surgery and International CME at A.I.I.M.S., New Delhi, India.(8th – 9th Oct, 2011)

3. Dual energy CT neuroangiography – Principle, technique and applications: Arora G, Garg A, Gaikwad SB, Goyal V, Mishra NK – Presented at 14th annual conference of Indian Society of Neuroradiology at P.G.I.M.E.R., Chandigarh, India.(22nd – 25th Sep, 2011)

4. Vessel wall Imaging for diagnosis of vulnerable plaque on MR: Goyal V, Garg A, Gaikwad SB, Arora G, Mishra NK – Presented at 14th annual conference of Indian Society of Neuroradiology at P.G.I.M.E.R., Chandigarh, India.(22nd – 25th Sep, 2011)

Paper presentation:

Thesis Work – “Comparison of grey scale and colour Doppler sonographic findings with plain radiography findings in neonates suspected of necrotizing enterocolitis.” – **Presented at IPR, LONDON**

2011, 6th congress of Society of Paediatric Radiology at London by Dr. Akshay K. Saxena. (27th – 31st May, 2011)

Language Fluency (Other than English)

Hindi, Punjabi

Hobbies and Interests

I am very fond of light Hindi film songs and music. I also like watching classic Hindi movies and cricket matches. Reading Indian literature.

Other Awards/Accomplishments

2nd Rank in the National level Pre- Post Graduate Medical Entrance Examination held by Post Graduate Institute of Medical Education and Research at Chandigarh, India.

I certify that information given hereby is true to the best of my knowledge.

Date: 21.11.2018
Place: New Delhi
