ABOUT ME

I am a versatile and adaptive in nature & have a zeal of learning. Being a quick learner is an advantage for me. In next years of my journey I would want to be hold expertise in most coding languages and multiple levels of development for which I am looking for a place which is capable of giving me that kind of exposure plus an opportunity to grow along.

MY TIMELINE

2017

Mumbai
University
HSC ; Science

2018
