Technologies and Frameworks Known

-Spring , SpringBoot , RDBMS - MySQL , H2 , REST API

-Machine Learning , Python , Numpy and Pandas , ML Algorithms , HTML & CSS and Statistics required for ML .

-Java OOPS and Collections Framework.

-Programming in Linux environent & Linux commands.

Courses

-Attending Backend Development using SpringBoot on Unacademy

- Java Fundamentals and its Collections

- Machine Learning with Python Foundation-Live

Education

RCC Institute of Information and Technology

Bachelors of Technology | Electronics and Communication - (2019-2023)

1st Year YGPA - 8.18

3rd Sem CGPA - 9.56

4th Sem - 9.47

PROJECTS

1) NATURAL LANGUAGE PROCESSING WITH DISASTER TWEETS

The Dataset has been taken from Kaggle Data-Science and ML NLP community site

the main aim of this project was to predict whether the tweets are Disastrous or not.

Score Achieved - 0.7896/1.0000 in Kaggle

LINK :- <https://github.com/shakkib327559/nlp-disaster>

2) BACKEND OF A MOVIE BOOKING SYSTEM (ONGOING)

Dealing with the backend of a Movie Booking Web Application using SpringBoot and will be creating RestApi 's .

I am Using IntelliJ IDE and PostMan to chec RestApi's

Till now DAL/DAO , Service Layer are completed now working on Controller Layer for RestApi's.

SKILLS & ACHIEVEMENTS

Competitive Programmer 3 star in Codechef in JAVA

Got Amazon AWS ML scholarship

- MACHINE LEARNING , NLP

- DSA with JAVA

- HTML & CSS

- COMMUNICATION

- GROUP WORK

EXTRA-CURRICULAR

Rotaract-Club of RCCIIT

_Prayas NGO Worker
