COMPETENCE

C PYTHON MATLAB
DATA STRUCTUES HTML5 CSS

WORK EXPERIENCE

INTERNSHIP|VNRVJIET

July 2020-september 2020

Internship on Simulation of Multilevel inverters based open end winding Induction Motor at VNRVJIET .

CERTIFICATIONS

- Complete Front End Development(Udemy)
- MATLAB and Simulink Techniques .

WORKSHOPS

- Sixth Sense Robotics-2 day National workshop by IIT Varanasi.
- Front end development-workshop by Skill-Safari.

EDUCATION

Bachelors of Technology|2018-2022

Electrical and Electronics Engineering

VNRVJIET

8.69 CGPA

Intermediate|2016-2018

Narayana Junior College

97.9%

Schooling|2016

Harvest Public School

10 CGPA

PROJECTS

Mobile Phone Detector:

This device is used to detect an active mobile phone which is at a certain radius from it.This uses IOT technology

Burglar alarm:

This device senses the IR rays and alerts the buzzer.

Speed Control of DC Motor

The speed of a DC motor is effectively controlled using 555 Timer and Pulse Width Modulation.

Automatic Plant Irrigation System

Automatic plant irrigation system senses the moisture content in the soil and supplies water automatically if required.

ROLES AND RESPONSIBILITIES

- Vice-President of IEL ,Student chapter at VNRVJIET.
 - Volunteer at NSS VNRVJIET.
-

PROFESSIONAL SKILLS

COMMUNICATION LOYALTY
ORGANIZATION &MANAGEMENT TEAM WORK
FLEXIBILITY WORK ETHIC

ACTIVITIES

- Organized and conducted many quiz competitions as a committee member of IEL.
- Volunteered for Plantation drive,medical camp and blood donation camp as a member of NSS.

PARTICIPATION

- Took part in various events conducted by IEL.
 - Online National Level Project Competition conducted by PES's Modern Engineering College Pune.
 - TATA Imagination Challenge 2020.
-

ACHIEVEMENTS

- >70% in Quiz competitions conducted by MLR Institutions and KC college of Engineering.
 - Bagged second in Group Discussion at EnginEEr.
 - Achieved merit certificates for National olympiads.
 - Bagged prizes and medals at inter school Quizzes, eloctution and essay competitions.
-
