2021- 5 July 2024)

3) The Fundamentals Of Digital

Marketing, Google Digital Unlocked

(7 July 2021)

Projects

2019 - 2019

Formulation And Development Of Exfoliating Walnut Scrub

Facial scrub is the cosmetic product which cleanses, exfoliates the skin of the face and gives healthy complexion. Herbal walnut scrub is the best exfoliating face scrub as it further delays the skin's aging process & brings life to dull, dry and tired skin. Its walnut shell particles gently uproot clogged pores and purify the skin from within.
