Personal Data

Father's Name : N.PASUPATHIRAJ
Mother's Name : S.HEMALATHA
Nationality : INDIAN
Date of Birth : 05-05-1995
Sex : MALE
Marital Status : SINGLE
Hobbies : LISTENING MUSIC
COIN COLLECTION
Blood group : B+

Languages Known

ENGLISH
TAMIL

Project Names

**Title: Vehicle Accident Detector Using
Enabling an Auto Dialing Specialty**

Career Objective

To attain a rewarding career by working with a pool of talented resources in an Organization that provides ample opportunities for learning and development

Education

- **B.E in MECHANICAL ENGINEERING** from Excel College Of Engineering & Technology **(2016 Batch)** affiliated to **ANNA UNIVERSITY,CHENNAI** with an aggregate of **65.7%**
- **+2** from Cambridge Matriculation Higher Secondary School, Krishnagiri **(State Board)** passed with an aggregate of **63.9%**
- **SSLC** from Cambridge Matriculation Higher Secondary School, Krishnagiri **(Matriculation)** passed with an aggregate of **74.2%**

Working Experience

- One Year Experience in **TVS Sundram Fasteners Limited, Hosur** as **Graduate Engineer Apprentice** during **[June 2017 – June 2018]**
 - Operating CNC Machine
 - Quality Inspection
- Currently Working in **ICICI Bank Ltd, Bangalore** as a **Senior Officer** and **Working Experience 1 Year 11 Months**
 - Experience in Finacle Core Banking
 - AMFI and IRDA Certified
 - Taking Care of Branch Operation and Asset Services
 - Handling Jewel Loans
 - Processing of Outward Remittances
 - Processing of Service Request and Escalations
 - Handling Managed clients
 - Handling Deliverables
 - Experience in Cash Handling

Software Skills

- AUTOCAD

Area of Interest

- THERMODYNAMICS
- AUTOMOBILE ENGINEERING
- STRENGTH OF MATERIALS

Computer Knowledge

- WINDOWS XP

Project Details

Description: In this project we have used a sensor which enables an auto dialing specialty when an accident occurs in vehicle.

<u>Mini Project</u> Title: Fuel Theft Controls in Two Wheelers Team Size: 4 Members	Project Details Description: The main objective of this project is to prevent the theft of fuel by the trespassers from the vehicle tanks while it is parked.
<u>Main Project</u> Title: Three Axes Pneumatic Modern Tipper Team Size: 4 Members	Project Details Description: The project has mainly concentrated on the vehicles can be unloaded from the trailer in three axes without application of any impact force by pressing the direct control valve activated by using the compressed air goes to the pneumatic cylinder through the valve. the ram of the pneumatic cylinder acts as a lifting the trailer cabin. now linear motion is converted to rotary motion with the help of worm gear. now trailer cabin along with load can be rotated in three axes. Strengths ➤ Self learning. ➤ Organizing Skills ➤ Good leadership quality Activities & Interest ➤ Displayed Project at Science & Tech Expo 2014, organized in EXCEL GROUP OF INSTITUTIONS ➤ Secured 100% attendance in 9th standard ➤ Secured 100% attendance in II year of B.E ➤ Participated in Srinivasa Ramanujan Mathematical Competition 2013, Conducted by Indian Society For Technical Education.

Declaration: I hereby declare that the above mentioned information is correct up to my knowledge and belief.
