Bachelor of Science (BSc) Biotechnology

MGSM's ASC College, Chopda
2014 - 2017 | CGPA: 8.16 / 10

SKILLS

- MS-Office
- MS-Excel
- Bioinformatics

Familiar With:

Plant Tissue Culture (PTC), Microbiology, Immunology.

Languages known:

English, Hindi, Marathi

PROJECT

➤ Biosynthesis and Characterization of Silver Nano Particles from '*Celastrus Paniculatus*' (Post Graduation Project)

Jan 2019 - May 2019

Objectives:

- To identify and study green synthesis of silver nano-particles from '*Celastrus paniculatus*'
- Characterization of silver nano-particles using uv spectrum and SEM analysis
- To study antimicrobial activity of silver nano particles on common human pathogens.

CERTIFICATIONS

- Completed certificate course in Advanced MS-Excel
- Diploma in Microbial Technology
- Bioinformatics with Python

ADDITIONAL DETAILS

- Attended UGC-SAP-DRS seminar on 'Current Trends in Life sciences', Feb 18 and 'Emerging Strides in Life Sciences' Jan 19, at KBC NMU, Jalgaon.
- Delivered seminar on 'Natural Carotenoids a Weapon to Fight against Life Style Related Disorders', and 'Stable Liposomes in Cosmetic Platforms for Transdermal Folic acid delivery for fortification and treatment of micronutrients deficiencies' at student seminar activity 2018-19 at School of Life Sciences, KBC NMU, Jalgaon.
- Runner up in Poster Presentation in year 2016
- Participated in State Level Microbiological Quiz Contest in year 2016-17
- Represented School of Life Sciences at Personality Development workshop for women (university level) organized under the scheme of Yuvati Sabha 2017-18 at KBC NMU, Jalgaon.
